# SMART PHONE CONTROL KIT

**DOMINATOR<sup>®</sup>**

# CONTROL YOUR GARAGE DOOR FROM ANYWHERE WITH THE DOMINATOR SMART PHONE CONTROL KIT.

## REAL TIME ALERTS

Monitor your garage door 24/7\* and receive notifications if it is in need of a service.

## CUSTOMISATION

Customise to suit you, from partial opening modes to restricted door access times.

## ACTIVITY LOG

Our app can alert you whenever your garage door is operated and lets you view the usage history.

## SMART CONTROL

Download and operate your garage door from our app. It's that easy.

## SMART PHONE CONTROL KIT FEATURES

| SYSTEM REQUIREMENTS                                                                                                  | THE SMART PHONE CONTROL KIT INCLUDES                                                                                                                           | COMPATIBLE OPENERS                                                                                                                                                              | AVAILABLE FOR                                                                                                                  |

\* Subject to cellular and Wifi connection and availability.

The Smart Phone Control Kit is not to be used with one piece tilting doors. Available with most new Dominator garage door openers.

For safety reasons the installation of Safety Beams is required when a Garage Door can be operated by smartphone. AS/NZS 60335.2.95:2012
